INDEPENDENT AUDITORS' REPORT

Board of Directors
DiSalle Securities and Mortgage Co.
Maumee, Ohio

We have audited the accompanying statements of financial condition of DiSalle Securities and Mortgage Co. as of December 31, 2007 and 2006, and the related statements of operations, changes in stockholder's equity and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of DiSalle Securities and Mortgage Co. as of December 31, 2007 and 2006, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 13-16 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DISALLE SECURITIES AND MORTGAGE CO.
NOTES TO FINANCIAL STATEMENTS
December 31, 2007 and 2006

Note 1 -

Significant accounting policies

Nature of business

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD), engaged in the sale of limited partnership interests through direct participation programs. The Company participated in three new offerings during the year with a concentration in Northwest Ohio.

Marketable securities

In accordance with industry accounting practices, marketable securities are carried at market value and any unrealized gain or loss is recognized currently in income. One hundred percent of the marketable securities held at market value consists of common stock of Fifth Third Bankcorp at December 31, 2007 and 2006. The cost of the Fifth Third Bankcorp stock was \$372,328 and \$341,867 and the accumulated appreciation of the Fifth Third Bankcorp stock was \$576,606 and \$1,172,702 at December 31, 2007 and 2006, respectively.

The Company purchased non-marketable securities consisting of non-trading stock and warrants to purchase more shares of the non-trading stock during 2000. These securities were carried at a total cost of \$46,100 at the end of 2001, which approximated market value. The cost of the shares purchased was \$26,000 and the cost of the warrants purchased was \$20,100. During the year ended December 31, 2002, the stock began trading on the over-the-counter bulletin board. The market value of the stock at December 31, 2002 was less than the original cost of the stock. Accordingly, an unrealized loss of 6,000 was recognized in 2002 for the stock held. For the warrants to purchase additional shares of stock, their fair value was approximated taking into consideration the trading value of the stock at December 31, 2002. After considering the cost of the warrants, and the exercise price in relation to the trading amount at December 31, 2002, the warrants were considered to be worthless, and were written down to a fair value of zero.

During 2003, the value of the stock fell even further. Accordingly, an unrealized loss of \$1,100 was recognized. During 2004, the value of the stock appreciated resulting in an unrealized gain of \$1,500. During 2005, the value of the stock appreciated substantially, but only after management had decided to sell all of the shares held for a loss of \$6,361. The warrants to purchase the same stock, written off in 2002 after being deemed worthless, were adjusted to an estimated fair market value of \$28,770. This value was based on the December 31, 2005 trading price less original cost and exercise price. An unrealized gain of \$8,670 was recorded at December 31, 2005.

During 2006, prior to the warrants exercise expiration date of June 2006, the company exercised all 1,500 of its warrants and subsequently sold all shares at a loss of \$4,763.

Revenue recognition

Commissions are recognized as income when earned according to Private Offering Contracts, rather than when received.

DISALLE SECURITIES AND MORTGAGE CO.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2007 and 2006

Note 1 - Significant accounting policies - Continued

Income taxes

The Company has filed an election to be treated as an S-corporation under the applicable sections of the Internal Revenue Code. Under this election, all federal and state income taxes related to the Company's operations are included in the personal income tax returns of the stockholder.

Cash and cash equivalents

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property and equipment

Property and equipment are stated at cost. Depreciation is computed under the straight-line method over the estimated useful lives of the assets. For income tax purposes, depreciation is computed using the modified accelerated cost recovery system over statutory lives. Depreciation expense for years ended December 31, 2007 and 2006 was \$0 and \$92 respectively.

Note 2 - Related party transactions

During the years ended December 31, 2007 and 2006, the Company sold limited partnership interests in partnerships in which the Company's controlling stockholder and business manager held a direct equity position. Gross commissions earned from these sales amounted to \$6,000 and \$159,000 for 2007 and 2006, respectively.

The Company was advanced funds from a company related through common ownership and control. At December 31, 2007 and 2006, such advances totaled \$1,000 and \$0, respectively.

For the years ended December 31, 2007 and 2006, the Company was charged management fees of \$0 and \$5,506, respectively, by a related party, as well as rent expense of \$0 and \$2,700 respectively, included as part of other operating expenses.

On April 1, 2006, the sole shareholder of both the Company and the related party resolved to contribute capital to the Company to eliminate the obligation to the related party. The sole shareholder of both the Company and the related party, decided at the same time, to terminate the management agreement between the two parties, that charged management fees to the Company, that increased the obligation to the related party over the years.

DISALLE SECURITIES AND MORTGAGE CO.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2007 and 2006

Note 3 - Net capital requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2007 and 2006, the Company's net capital was in excess of the required capital.

Note 4 - Other operating expenses

The Company expenses advertising costs as incurred. Advertising costs which were \$500 and \$0 for the years ended December 31, 2007 and 2006, respectively, are included in the total amount of other operating expenses.

Note 5 - Contingency

The Company is subject to built-in gains tax on its unrealized appreciation of marketable securities as of the date of conversion to an S-corporation, October 1, 1998. The built-in gains tax is imposed if the assets are disposed of within the 10 year period following the conversion date. At December 31, 2007 and 2006, the maximum estimated built-in gains tax liability on unrealized appreciation of marketable securities is approximately \$381,000 calculated at a 35% built-in gains tax rate. Management intends to hold the investment in marketable securities throughout the 10 year period therefore, no built-in gains tax is expected to be imposed. Accordingly, no deferred tax liability has been reflected in the financial statements at December 31, 2007 and 2006.

Note 6 - Cash flows information

Supplemental disclosure of non-cash transactions:

In 2006, the sole shareholder of the Company contributed capital in excess of stated value to eliminate the obligation to a company related through common ownership in the amount of \$228,189.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5 FOR A
BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3**

Board of Directors
DiSalle Securities and Mortgage Co.
Maumee, Ohio

In planning and performing our audits of the financial statements and supplementary information of DiSalle Securities and Mortgage Co. (the Company) for the years ended December 31, 2007 and 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

William Vaughan Company
